Slime Science *Descriptions for Each Activity*

- **Radio Active Slime**

This activity is a messy hands-on slime project that creates a slime that glows under the black light. Each participant gets to take their creation home with them. This activity is fun for all ages.

- **Galaxy Goo**

This activity is a messy hands-on goo project that creates a goo filled with glitter and stars. Each participant gets to take their creation home with them. This activity is fun and exciting for all ages.

- **Cotton Candy Collision**

This activity is a messy hands-on goo project that creates a goo that looks like pink and blue cotton candy collided. Each participant gets to take their creation home with them. This activity is fun for all ages.

- **Unicorn Poop**

This activity is a messy hands-on goo project that creates a goo that looks like unicorn poop. What is unicorn poop? Poop filled with sparkles, gadgets, Houla hoops, and more. Each participant gets to take their creation home with them. This activity is fun for all ages.

- **Spectacular Sparkle Slime**

This activity is a messy hands-on slime project that creates a slime filled to the max with sparkles. Each participant gets to take their creation home with them. This activity is fun for all ages.

- **Shimmery Snow Slime**

This activity is a messy hands-on slime project that creates a slime that looks like shimmery snow. Each participant gets to take their creation home with them. This activity is fun for all ages.

- **Glittering Gold Goo**

This activity is a messy hands-on goo project that creates a goo that glitters like gold. Each participant gets to take their creation home with them. This activity is fun for all ages.
